Touchdown for Our Veterans: Game On! 🏈

Hello My Fellow Nevada Auxiliaries!

Welcome to the kickoff of the 2026–2027 Auxiliary year! As football season ramps up, it's time to harness that same energy, drive, and focus for our mission. Every play we make this year brings us closer to our goal: serving and honoring Nevada's veterans, service members, and their families. But to score those game-winning touchdowns, we need a strong, synchronized team on the field.

That strength starts in the locker room. A winning season requires healthy, supportive Auxiliaries where every member knows their position and feels empowered to play. Our Auxiliary Presidents are stepping up as head coaches, setting the game plan, modeling sportsmanship, and fostering the kind of positive, inclusive environment where every volunteer can thrive. When our internal team culture is thriving, our impact in the community scales to new heights.

Let's gear up, practice strong communication, and keep our eyes on the field goals ahead. Extension and revitalization aren't just administrative goals—they are how we rebuild our roster, protect our legacy, and ensure no veteran is left behind. Let's make this season our most impactful one yet!

Thank you,
Renee Thayer
